komplexe dynamische systeme werden in verschiedenen wissenschaftsdisziplinen untersucht von physik chemie biologie und medizin über kognitionswissenschaften und psychologie bis zu soziologie und Ökonomie dieser band zieht bilanz und zeigt künftige forschungsperspektiven auf gemeinsames methodisches thema ist die modellierung komplexer systeme deren dynamik durch nichtlinearität bestimmt ist mathematische methoden und computersimulationen machen aber nur sinn wenn sie mit konkreten einzelwissenschaftlichen analysen verbunden sind das buch liefert nicht nur

fachübergreifende Informationen über den aktuellen Forschungsstand sondern kann auch von Nichtspezialisten als Einführung in das spannende Gebiet komplexer Systeme und nichtlinearer Dynamik in Natur und Gesellschaft gelesen werden

This book covers the key elements of physical systems modeling sensors and actuators signals and systems computers and logic systems and software and data acquisition it describes mathematical models of the mechanical electrical and fluid subsystems that comprise many mechatronic systems

The first comprehensive reference on mechatronics the mechatronics handbook was quickly embraced as the gold standard in the field from washing machines to coffeemakers to cell phones to the ubiquitous PC in almost every household what these days doesn't take advantage of mechatronics in its design and function in the scant five years since the initial publication of the handbook the latest generation of smart products has made this even more obvious too much material to cover in a single volume originally a single volume reference the handbook has grown along with the field the need for easy access to new material on rapid changes in technology especially in computers and software has made the single volume format unwieldy the second edition is offered as two easily digestible books making the material not only more accessible but also more focused completely revised and updated Robert Bishop's seminal work is still the most exhaustive state of the art treatment of the field available
